Dear Mr. President:

Your campaign platform included *taking from the rich and giving to the poor (money).* The only way I know this can be done in this type of government is to sue, like case #BS 121 571. It is unfortunate that you, a constitutional lawyer, never included this as an option in this nation where power belongs to the people.

Enclosed is a copy of a letter I forwarded to Mr. Robert S. Mueller, III, the Director of the Federal Bureau of Investigation (FBI) re mail fraud. Total absence of representation from blacks in elective positions leaves constituents to fend for themselves... to their best ability...at great cost to themselves.

Another example of the costs is the enclosed copy of a statement written by me dated 10-20-10 in anticipation of the cut-off of the electricity to this house even though all money owed to us is being withheld; e.g. from a surrendered insurance policy, my son Michael's pension after 30 years of employment with the Los Angeles Department of Water and Power (LADWP) and the order of judgment in case #895 188 pursuant to AMENDMENT X, USC, re which a petition dated 01-07-09 was forwarded to President-elect Barack Obama.

Thanks for nothing since Cortina Barnes, National President of the Veteran of Foreign Wars (VFW) Auxiliary (2010-2011) contacted you in my behalf over a year and a half ago.

Sincerely:

Esther M. Lofton
